

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

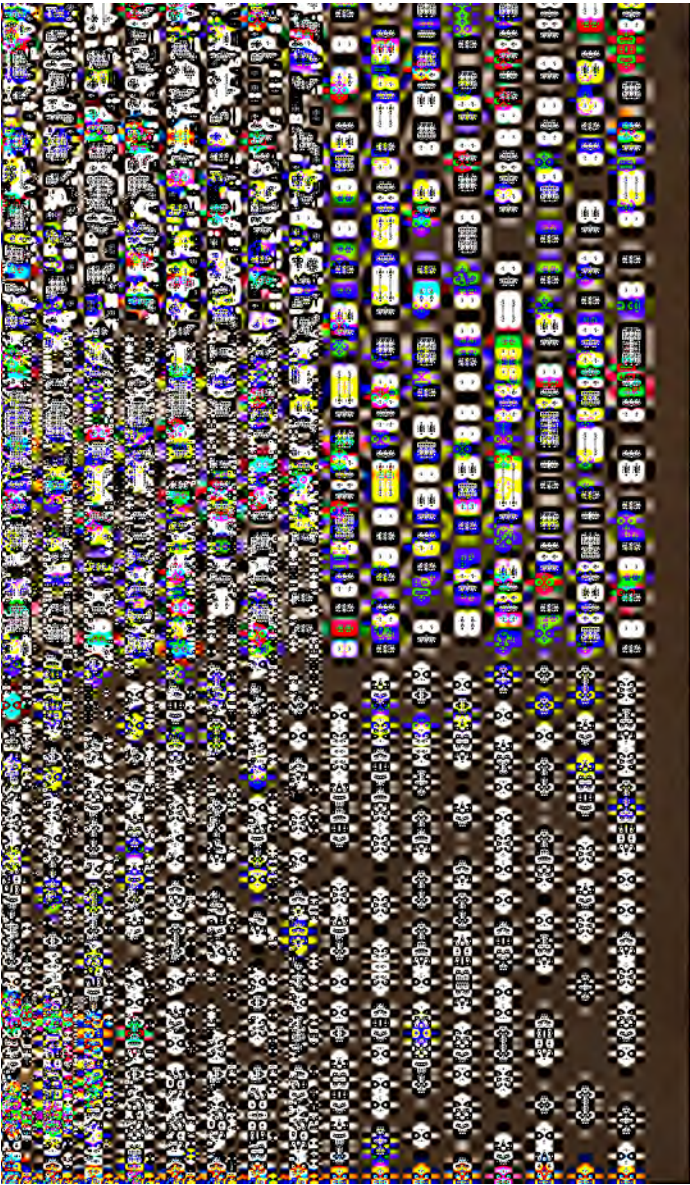

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

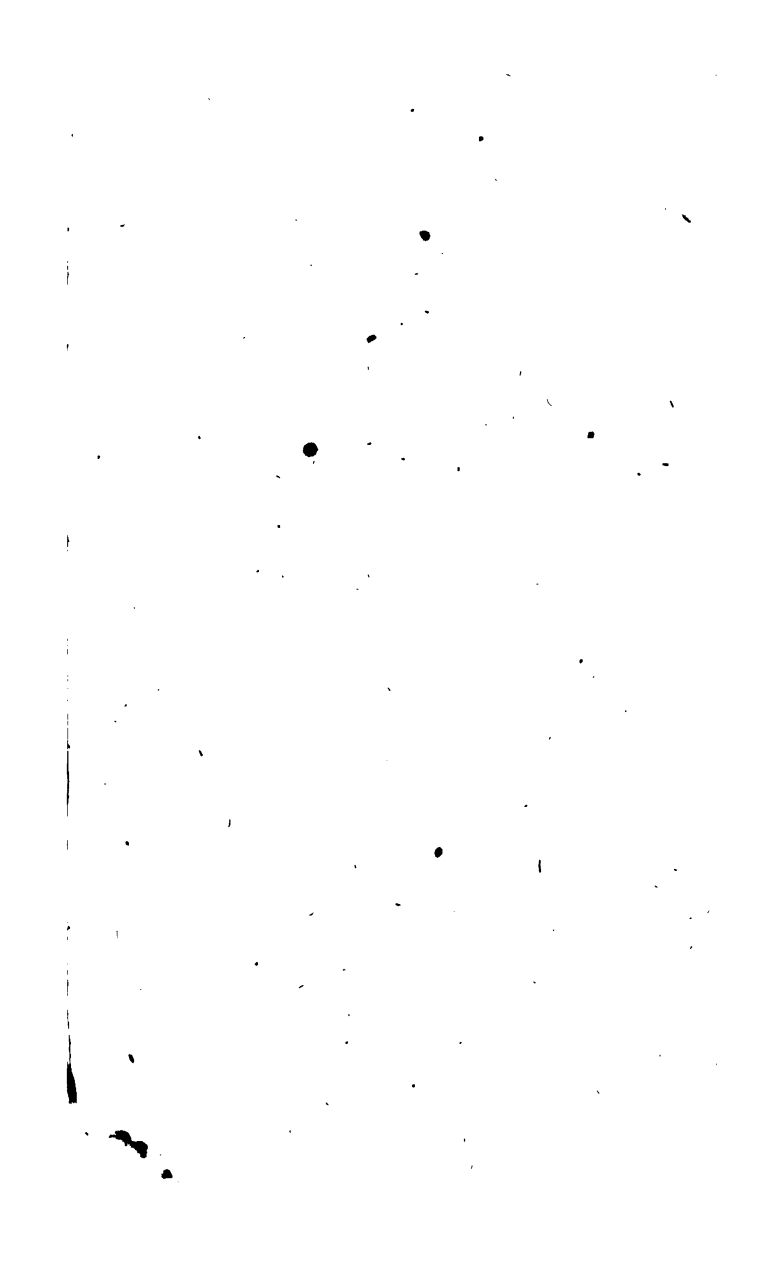

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

ALPHABETICAL LIST  
OF THE  
**Members,**  
WITH THE  
RULES AND REGULATIONS,  
OF  
**The Athenæum.**

---

LONDON:  
PRINTED BY WILLIAM CLOWES, 14, CHARING-CROSS.

---

MDCCCLXVI.

D. 19.7.29 2479. f. 8.

**RULES AND REGULATIONS**  
**FOR**  
**THE GOVERNMENT**  
**OF**  
**THE ATHENÆUM.**

---

**I.—THE ATHENÆUM** is instituted for the association of individuals known for their Scientific or Literary attainments, Artists of eminence in any class of the Fine Arts, and Noblemen and Gentlemen distinguished as liberal Patrons of Science, Literature, or the Arts.

**II.—**Each Candidate for admission must Ballot. be proposed by one Member, and seconded by another, and the Candidate's names and usual place of residence, his rank (if in the Navy or Army,) or his profession (if of one) shall be inserted, at the time of proposition, in the Book of Candidates. The names of the Proposer and Seconder must be in their own hand-writing, that of the Proposer to

be annexed at the time of proposal, and the Seconder's a week before the name can be put up for Ballot.

The Ballot (when there are vacancies) shall take place between the hours of Nine and half past Ten o'clock P.M. on every Monday, during the months of

February,

March,

April,

May,

June,

and July.

No Ballot shall be valid unless Twenty Members actually ballot ; one black ball in Ten shall exclude ; and not more than Ten Candidates shall be ballotted for on one day.—A List, containing the names, together with those of the Proposers and Seconder, and the other before-mentioned particulars, must be put up in the public rooms, at least a week before the day of Ballot, dated and signed by the Secretary.

Notification  
of Election.

III.—On the admission of each new Member, the Secretary shall notify the same to him (in duplicate if abroad), and shall

furnish him with a Copy of the Rules: he shall also request him to remit to the Bankers of the Club an order for the amount of his Entrance-Fee and Subscription.

IV.—As the payment of these sums will entitle a Member to enjoy every benefit of the Club, so it is to be considered as distinctly implying his acquiescence in the Rules of an Institution to which he thus voluntarily attaches himself, as well as his submission to the restrictions they enjoin, and to the penalties they enact.

V.—The Entrance-Money on admission shall be of such amount as the Committee may from time to time determine. Any alteration of the Annual Subscription must receive the sanction of a General Meeting. All Subscriptions shall be payable on the 1st of January in each year.

Entrance and  
Subscription.

VI.—No Member shall be admitted to ballot for a Candidate, or to vote on any occasion whatever, or to enjoy any of the privileges of the Club, until he shall have paid his Entrance-Money and Annual Subscription.

Members  
not qualified  
to vote.

VII.—If a new Member does not pay his

of distinction, for Science, Literature, or the Arts (not exceeding ten of the latter at one time), as the Committee may deem it advisable to name, may be invited to become Honorary Members (without Admission-Fee or Subscription) during their temporary residence in England. No such nomination to take effect, unless Six Members at least of the Committee shall be present, and concur therein. No foreigner permanently resident in England can be admitted under this clause.

**Powers of Trustees.**

**XII.**—There shall be Five Trustees, in whom the pecuniary concerns of the Club shall be vested, and who shall have the power to adopt such measures, by making insurances, investing money, or otherwise dealing with the income and expenditure, as may appear to them necessary for the interest of the Club at large, whose representatives they in all pecuniary concerns are; and the signature of at least one of the Trustees is necessary to sanction any payment.

**Description of Trustees.**

**XIII.**—The Trustees shall be the Presidents of the Royal and Antiquarian Societies, and of the Royal Academy, for the

time being, together with Two other members of the Club, to be elected by the Committee ; and, when not previously elected to the Committee of Management, they are to be considered as additional and permanent Members thereof. If any of the three before-mentioned Presidents shall decline the office, the Committee shall elect another Trustee in his stead.

**XIV.**—The general Concerns of the Club shall be managed by a Committee consisting of Twenty-four Members, exclusive of the Trustees, eight of whom shall be elected annually, at the Annual Meeting ; and they are to make such Regulations (consistent with these General Rules) as they shall from time to time think necessary to the well-being of the Club ; and their regulations and decisions shall be considered as binding, unless set aside at a general meeting of the Club, to be assembled as hereinafter directed.

Power of  
Committee,

**XV.**—The Committee shall select, at some Weekly Meeting, previous to the Second Monday in May, Eight Members of their Body, who are to go out, and shall nominate Sixteen Members of the Club,

Appointment  
of  
Committee.

who are to be proposed to the Annual Meeting on that day, which will elect by ballot (each Member present giving in a list) Eight of the Sixteen, who are to be Members of the Committee for the ensuing Year. No Member (except the Trustees) can remain upon the Committee more than Three Years, or be eligible to serve again until after the lapse of One Year.

XVI.—In the event of any vacancies occurring in the Committee, after the Annual Election on the Second Monday in May, the Committee itself shall have the power of filling them up.

XVII.—The Committee shall, if possible, hold an Ordinary Meeting on Tuesday in every week; or oftener if necessary, at One o'Clock, to transact current business, to audit the Accounts, and to confirm the proceedings of the foregoing week. Three of the Committee shall form a quorum on the days of meeting.

Annual  
Meeting.

XVIII.—There shall be held an Annual General Meeting of the Club, on the Second Monday in May, for the purpose of electing One-third of the Committee for the

succeeding year; and receiving a *Report* and *Abstract* of the state of the Accounts and general concerns of the Club for the Past Year from the Committee; together with an *Estimate* of the *Receipts* and *Disbursements* of the Current Year (which *Report* and *Estimate* shall be immediately printed for the use of the Members); and for receiving propositions for any new Rule or alteration of any existing Rule of the Club. If any such new Rule or alteration shall be proposed and passed at such Meeting, a second Meeting shall be held on that day fortnight, for the sole purpose of ratifying or regulating any propositions which may have been voted on the Second Monday in May, except the choice of the Committee, which is final on the first election.

XIX.—If at any other time, it shall appear expedient to adopt any new Rule, or to alter any old one, or to make any other proposition which may appear to require the sanction of a General Meeting, the Committee may call an Extraordinary General Meeting, on giving Fourteen days' notice, *specifying, in the form of a Resolution, the object intended to be submitted,*

Extraor-  
dinary  
General  
Meeting.

*and the discussion shall be confined to that object only.* The Committee shall also call an Extraordinary General Meeting on the written requisition of Thirty Members, not being of the Committee, under restriction, similar to the preceding ; but no question shall be discussed, and no proposition voted, which shall not have been distinctly stated in the requisition for the General Meeting. In case that the proposition to be discussed should be connected with the conduct of any Member, a Ballot shall take place as to the result ; but if that result tend to the expulsion of the party, two-thirds of a meeting of at least Sixty Members must concur therein.

**XX.**—All notices of Extraordinary General Meetings, issued by the Committee, in virtue of the preceding Rule, must be signed by Ten of its Members, and be posted up in the public rooms of the Club for at least Fourteen days previous to the day of meeting.

**XXI.**—No proposition shall ever be adopted without the sanction of a majority consisting of two-thirds of the Extraordi-

nary General Meeting, composed of at least Sixty Members.

XXII.—No subject, except what relates to the management of the concerns of the Club, shall ever be proposed, or brought forward for discussion, at any Annual or General Meeting. The chair shall be taken at all Meetings at One o'clock precisely.

XXIII.—The Club-house *must* be open every day for the reception of Members, at Nine o'clock in the forenoon, and be shut up at Two o'clock at night, after which hour no Member shall be admitted. Such Members, however, as may then happen to be actually within the house, are not to be restricted or influenced with respect to their departure by this Rule.

XXIV.—No Member shall, on any pretence, or in any manner whatsoever, receive any Profit, Salary, or Emolument, from the funds or transactions of the Club under the penalty of expulsion.

XXV.—No Member shall give any money or gratuity to any of the Servants of the Establishment.

**XXVI.**—No Provisions cooked in the Club-house, or Wines, or other Liquors, are to be sent out of the House *on any pretence whatsoever*.

**XXVII.**—Any defect in a Breakfast or Dinner, complained of on the back of the Bill, and *signed* by the Member so complaining, must be especially noticed by the Committee, on settling the Weekly Accounts. And any inattention or improper conduct of a Servant is to be stated by *letter*, and *signed* by the Member complaining, which *letter*, being put into the Secretary's box, *must* be laid before the Committee at their *next* Weekly Meeting.

**XXVIII.**—All Members are to pay their Bills for every expense they incur in the Club, *before they leave the House*; the Steward having positive orders not to open accounts with any individual.

**XXIX.**—No Member shall take, or permit to be taken away, from the Club, upon any pretence whatever, or shall injure or destroy, any Newspaper, Pamphlet, Book, or other Article, the property of the Institution.

**XXX.—No Game of Hazard shall on any account be ever played, nor shall Dice be used in the Club-house.**

**XXXI.—No higher stake than Half-guinea Points shall ever be played for.**

**XXXII.—Any deviation from the Three last-mentioned Rules shall, on satisfactory proof before the Committee, be attended with immediate expulsion.**

**XXXIII.—No member shall, on any account, bring a Dog into the Club-house.**

**XXXIV.—Any infraction of the Rules and Regulations of the Club, shall be taken immediate cognizance of by the Committee.**

**XXXV.—All expulsions for breach of any of these Rules, shall be the act of the Committee, at which, however, not less than Thirteen Members shall, on every such occasion, be present, and the Majority shall concur therein.**

**XXXVI.—Any member so expelled, whether by the Committee or a General**

Meeting, forfeits, *ipso facto*, all right to or claim upon the Club, or its property or funds, and ceases to be a member, without appeal.

**XXXVII.**—Each Member of the Club shall communicate his address, *or that of his Banker or Agent*, from time to time, to the Secretary; and all Notices, being sent to such address, will be considered as duly delivered.

**XXXVIII.**—These Rules and Regulations shall be printed, and a Copy of them, together with a List of the Committee, shall be delivered to every Member of the Club, or transmitted to his address, but no Member shall be absolved from the effect of these Rules on any allegation of not having received them.

**EDWARD MAGRATH, Secretary.**

**Fifteen guineas are to be paid on the admission of each Member, as well as the annual subscription of five guineas, for the current year, due January 1.**

**Messrs. Drummond are appointed Bankers, to whom all Members, now or hereafter to be admitted, are requested to pay their several subscriptions.**

**All Members of the Club are invited to present copies of their published works, or any other useful publications, more especially books of reference, for the purpose of forming a Library.**

## ATHENÆUM.

---

### *REPORT of the COMMITTEE, 8th MAY, 1826.*

---

THE Committee are glad to be able to state to the General Meeting of the Athenæum, that the favourable prospects, which they opened in their last Annual Report, have been fully realized.

They hope that, notwithstanding the limited means of accommodation which the present residence affords, the individual comfort and general convenience of the Members have been as satisfactorily provided for, as circumstances would allow ; but they have great pleasure in adding, that they have now a prospect of making more permanent and adequate provision for the service of the Club, in a residence of its own.

The plans of His Majesty's Government, for the buildings to be erected in the neighbourhood of Pall-Mall and Charing-Cross, have not yet been finally arranged. The Bill for authorizing the principal of those improvements being still pending in Parliament, the details of the execution cannot of course be decided ; but the Committee have the pleasure to say, that they have received from the proper authorities a renewal of their promise, that the Athenæum shall be favoured with a site for its future residence as convenient and agreeable as may be at their disposal. The site originally contemplated, was the neighbourhood of Union-square, but some improvements which have been since designed for the ground on which Carlton

House now stands, have suggested to your Committee the hope of obtaining in that immediate neighbourhood, what, they think, will be considered a still more eligible situation. They have, therefore, made application to His Majesty's Government for a portion of the ground in question, and they have the pleasure to state that their application has been favourably received. The present expectation is, that the improvements will be immediately arranged, and that the works may commence in a few months; and the Committee are taught to expect that the house may be built in about eighteen months or two years, so that they have reason to calculate that the Club may be in possession of its new House early in the year 1828.

The Committee beg to assure the General Meeting, that they are fully sensible of the just anxiety which the Members feel for the completion of this important branch of their service, and that no exertion shall be wanting on their part to bring it to an early and satisfactory accomplishment.

At the end of this Report will be found an Abstract of the Receipt and Expenditure for the last Year, and an Estimate of the probable Receipt and Expenditure for the next.

The Committee have the pleasure to observe, that the Estimates which they laid down before the last General Meeting have been justified by a most satisfactory result. It was computed that our Funds at the end of the last year would have amounted to a Sum of between 13 and 14,000*l*. The Funds of the Club in Exchequer Bills, and in the Banker's hands on the 31st December last, were 12,643*l*. 1*s*. 4*d*., to which should be added two Sums, one of 548*l*. 16*s*. 5*d*. ad-

vanced for a Stock of Wine, and the other 282*l.* 4*s.* the difference in value of Exchequer Bills, neither of which entered into the calculations of the last Report. If these accidental expenses had not occurred, the balance would have been as originally estimated.

In the Estimate of the Expenditure of the ensuing year, the Committee hope that they may have derived still greater accuracy from the experience of the last ; and if they are not deceived in their expectations, it will be seen that there will be at the end of the present year, a Sum of between 14 and 15,000*l.* applicable to the erection of the House, which they have confident hopes of being able to build in a style suitable to the situation and respectability of the Club, for a Sum not exceeding 15,000*l.* The additional Furniture which the new House may require, may, the Committee believe, be procured for about 4000*l.* There is reason to conclude the Club will, in the course of the year 1827, add at least 2000*l.* to its Funds, in which case, on taking possession of its new residence, the Club will, it is hoped, not have incurred a Debt of more than 2000*l.*, which the economy of one or two years will easily extinguish.

The Committee cannot conclude without recalling to the attention of the Members the important fact, that the Admission Fee and Annual Subscription are lower than in any other similar Institution ; and yet they hope by the judicious employment of the means already in their possession, to be able to receive the Club in a residence fully equal in extent and accommodation to all the just expectations of so respectable a body of Members as now constitute the Athenæum.
